

**OVERVIEW**

Based in Toledo, Ohio since 2009, GEM Energy designs, develops, installs and maintains energy solutions to improve customer business performance and reduce facility operation costs. We have design/build capabilities and a host of other services to steer your energy project from construction all the way through commissioning.

GEM Energy is part of the Rudolph Libbe Group, a one-stop provider of construction and facility services that range from site selection and construction to energy solutions and ongoing facility management. The full-service contractor, comprised of Rudolph Libbe Inc., GEM Inc., GEM Energy, Lehman Daman and Rudolph Libbe Properties, is focused on ensuring its customers succeed. The Rudolph Libbe Group is headquartered in Toledo with offices in Cleveland, Columbus and Lima, Ohio and Detroit, Michigan areas. For additional information, visit RLGbuilds.com.
