

COMMONGROUND

JUNE 2017

Recent progress on the 122,000-square-foot neuroscience facility and campuswide laboratory for ProMedica, near Toledo Hospital. RLI is construction manager and is self-performing concrete. GEM is erecting steel. The project will be complete in summer 2018.

NEW PROJECTS

RLG's Tera O project at First Solar and Hylant's multi-year contract with GEM Energy and RLP

First Solar, Perrysburg - GEM and RLI are installing a new 138KV design/build, turnkey substation and new 15KV electrical distribution system.

GEM is also reworking the existing Perrysburg facility to convert it from Series 4 modules to Series 6 modules. Because of this change, the electrical distribution, chilled water, compressed air and HVAC systems need to be upgraded or replaced.

Once completed, First Solar Perrysburg facility will transform from a four-line manufacturing facility to a two-line manufacturing facility and will have significantly more output.

Leading the team:

Jeff Sneider, estimator/project manager
Nick Walby, account manager
Matt Dornan, RCDD, technology
Don Momenee, technology
Kevin Partin, superintendent

Troy Cutchall, Denny Crane, Derek No-tario and Kirk Reid, electricians
Chris McCauley, pipefitter
Andy Adams, millwright
Pat Blevins, superintendent
Pete Shupe, operator
Ted Twigg, laborer

...

Hylant, Toledo – RLP and GEM Energy have a multi-year contract to provide building services at Hylant's 15-story, 220,000-square-foot downtown headquarters, including tenant/lease and financial management, facility and energy management as well as Special Accounts construction services.

RLG IN THE COMMUNITY

Spencer Shultz's life-saving heroism

Spencer Shultz with the young man whose life he helped save.

Spencer Shultz, son of GEM's **Ken Shultz**, has received a Good Samaritan and Heroism award from the Northwest Ohio Safety Council and the City of Maumee's Citizenship award for helping an injured motorcyclist.

Last summer, Spencer and his friends spotted the accident on U.S. 24. Spencer called 911 and the operator coached him to perform life-saving measures. Spencer comforted the injured man until rescue crews arrived and the man was air-lifted to a hospital.

"Spencer did exactly what you would want someone to do for you, to be kind and helpful to one another," Ken says. "I'm extremely proud of him."

CUSTOMER FEEDBACK

RLG Michigan's work on Red Spot's office remodel

"RLG has been the best overall contractor we have dealt with in a long time. We have tried other companies in the past few years and we feel that this relationship is one we can continue to have as we seek to improve our facility."
