

Jeff Schaller

President

Rudolph Libbe Inc.

Jeff had a desire from a very early age to be part of the construction industry. From the moment he could drive, he started working at the family dump truck business alongside members of the Rudolph Libbe team on local projects. Jeff enjoyed the collaborative and interactive nature of the building trades so much that he decided to pursue a degree in construction management from Bowling Green State University.

Soon after graduation, Jeff began working as a carpenter's apprentice at Rudolph Libbe Inc. He dedicated himself to the profession and quickly developed the technical skills required to work on larger projects, primarily in preconstruction. Jeff's work extended from Toledo throughout the Midwest during his 30-year career. In 1995, he supervised the preconstruction group in Walbridge, Ohio and was then promoted to general manager of the southeast Michigan office. In this role, he led business development with key customers such as Ford Motor Co.

In 1999, Jeff returned to Toledo as vice president of preconstruction services, overseeing the group's business development, sales, marketing and preconstruction teams. In 2019, he was promoted to executive vice president, and in early 2021, he was named president of Rudolph Libbe Inc.

Jeff has a proven track record and is known to work tirelessly on behalf of customers, offering guidance and preparation to ensure each project's success.

At Rudolph Libbe Inc., he leads by example and promotes a safe and productive work environment. He is recognized for consistently providing exceptional service and showcasing technical aptitude.

Jeff is board president of the Associated General Contractors of Northwest Ohio (AGCNWO) and serves on the Toledo Regional Chamber of Commerce board of directors. He also is a member of the AGC of Ohio, the Wood County Planning Commission and the Perrysburg Rotary.
